

Articulation Screener

from Mommy Speech Therapy & Little Bee Speech

This screener was created to help Speech-Language Pathologists, teachers and parents quickly assess if a child's speech errors appear to be typical or delayed. It is also intended to help identify which speech sounds are in error and as a guide when outlining speech goals. It is not a standardized assessment and is not intended to be used to qualify a child for speech therapy services.

How to Use this Screener

- 1 Point to the picture of each word (found on pages 4 & 5) and ask, "What is that?" If the child doesn't know what the picture is say, "I call it a (name of the picture). What do I call it?"
- 2 When the child says the word **score their response in the box next to the word** by placing a **✓ check** in the box if the target sound is said correctly or place an **X** in the box if the target sound is said incorrectly. When a word is said incorrectly use the line to the right of the word to transcribe how the word was said.

piano _____ (write how the word was said incorrectly on the line)

- 3 Each word targets the sound in a specific sound position.

Words with a **red box** test the target sound in the **initial position** (beginning) of the word.

Words with a **blue box** test the target sound in the **medial position** (middle) of the word.

Words with a **green box** test the target sound in the **final position** (end) of the word.

red box initial

blue box medial

green box final

**** Score the sound that appears in the same color text as the scoring box. ****

- 4 Once you have completed the screener add up the number of boxes you have marked incorrect. Place the total number incorrect at the end of the screener on the specified line. Then check the age approximation boxes to determine if a delay is probable. If this screener reflects a delay further evaluation is recommended.

2 yrs **P - Sound** /p/
(mastered around 2 yrs. old)

piano _____

apple _____

mop _____

2 yrs **B - Sound** /b/
(mastered around 2 yrs. old)

book _____

rabbit _____

crib _____

2 yrs **M - Sound** /m/
(mastered around 2 yrs. old)

mop _____

hammer _____

thumb _____

2 yrs **H - Sound** /h/
(mastered around 2 yrs. old)

hammer _____

2 yrs **N - Sound** /n/
(mastered around 2 yrs. old)

nose _____
(point to your nose)

piano _____

sun _____

3 yrs **D - Sound** /d/
(mastered around 3 yrs. old)

dishes _____

ladder _____

slide _____

3 yrs **T - Sound** /t/
(mastered around 3 yrs. old)

teeth _____

guitar _____

rabbit _____

3 yrs **K - Sound** /k/
(mastered around 3 yrs. old)

ketchup _____

vacuum _____

book _____

3 yrs **G - Sound** /g/
(mastered around 3 yrs. old)

guitar _____

yogurt _____

frog _____

3 yrs **W - Sound** /w/
(mastered around 3 yrs. old)

watch _____

4 yrs **NG - Sound** /ŋ/
(mastered around 4 yrs. old)

blanket _____

swing _____

4 yrs **F - Sound** /f/
(mastered around 4 yrs. old)

feather _____

muffin _____

giraffe _____

5 yrs **V - Sound** /v/
(mastered around 5 yrs. old)

vacuum _____

shovel _____

stove _____

5 yrs **Y - Sound** /j/
(mastered around 5 yrs. old)

yogurt _____

5 yrs **CH - Sound** /tʃ/
(mastered around 5 yrs. old)

chair _____

ketchup _____

watch _____

5 yrs **J - Sound** /dʒ/
(mastered around 5 yrs. old)

giraffe _____

pajamas _____

orange _____

5 yrs **L - Sound** /l/
(mastered around 5 yrs. old)

ladder _____

balloons _____

shovel _____

5 yrs **SH - Sound** /ʃ/
(mastered around 5 yrs. old)

shovel _____

dishes _____

brush _____

5 yrs **S - Sound** /s/
(mastered around 5 yrs. old)

sun _____

dresser _____

grass _____

6 yrs **Z - Sound** /z/
(mastered around 6 yrs. old)

zebra _____

scissors _____

nose _____
(point to your nose)

6 yrs **R - Sound** /r/
(mastered around 6 yrs. old)

rabbit _____

giraffe _____

ladder _____

6 yrs **S - Blends** /s/
(mastered around 6 yrs. old)
